The staff leadership development programme has been expanded to include courses on Applied Decision Making, Moving Forward After Change Rebuilding Groups and Departments, Fostering a Meaningful Work Environment, and Managing Neurodiversity. The last thre

u i u , the 283-bed student accommodation facility in Homestead Lane, is underway and on track.

Tuihono UC | UC Online upgraded the learning management system from Totara to Moodle to enhance y# learner experience. The Moodle implementation aligned our system with UC's AKO | Learn, leveraging existing LMS capabilities, increasing agility for in-house changes, and providing immediate access to the latest features, alongside Moodle's improved and dynamic user interface. This change will reduce costs per year and pave the way for improving student experience, y# mic Course Engagement (ACE) product.

Since the launch of the new website and experience management platform, the Digital Services web y # website experience based on feedback from staff and students. Improvements in recent months include a revised research landing page and improved searching experience for researchers, improvements to staff profile and contact information, content and structure improvements for multiple areas including Library and Graduate School, improving our search engine rankings and a

series of improvements to the search performance on the website.

The HitLAB and the Department of Civil and Natural Resources Engineering (CNRE) have collaborated to share space leading to a win-win situation, with 18 desks being allocated to CNRE staff and research postgraduate students in underutilised space in the HitLAB. Not only has this led to enhanced space utilisation, but has also contributed to positive 8871 0 59.32 841.2 iicion59.32 841.2 it
